## Finance Options

## Features & Benefits

### Hire Purchase

Flexible and cost-effective alternative to bank loan funding.

Deferred Ownership upon delivery of asset.  
Repayments matched to depreciation of asset.  
Purchase asset for nominal fee at end of agreed term.  
Finance secured on asset removing need for security.  
Claim capital allowances immediately.  
Fixed or variable interest rate funding available.  
Interest on payments is tax deductible.  
VAT recoverable on purchase price.

### Finance Lease

Tax efficient asset leasing.

Rentals matched to cash flow.  
Retain most of sale proceeds at end of agreed term.  
Fixed or variable interest rate funding available.  
VAT payable on the rentals not purchase cost.  
Offset rentals against taxable profits.  
Security not usually required.

### Operating Lease

Lower cost 'off-balance sheet' funding.

Rental and return conditions calculated on the future value of the asset.  
Lower rentals based on residual values.  
Enhanced return on assets from off-balance sheet funding.  
Avoids risks associated with asset ownership.

### Contract Hire

Risk free and fixed cost business motoring

Flexible terms with variable duration and mileage terms.  
Maintenance of vehicles can be spread across monthly rentals.  
Removes depreciating assets from the balance sheet  
Rentals allowable against taxable income.  
VAT recoverable on monthly rentals.  
Avoids risk of ownership.
